"CROSS BORDER INSOLVENCY"

18th December 2021 | 03:00 PM - 05:00 PM

"Cross-border insolvency' denotes circumstances in which an insolvent debtor has assets and/or creditors in more than one country. With the rapid increase in globalisation and the advent of sophisticated communications technology, cross-border trade and investment has increased the dependence of national economies on each other. The impact of business failure in such a globalised market economy often spans beyond national boundaries. Consequently, insolvency laws need to account for domestic as well as cross-border scenarios."

The working group constituted by IBBI has submitted recommendations for rolling out provisions of Cross Border Insolvency on which public comments have been called for.

The group will deliberate and provide views/suggestions which will be submitted to IBBI.
