Progress and Setting the Roadmap for Implementation of Cross-Border and Personal Insolvency Framework

0930-1630 hrs, 25th March 2019, Hotel Taj Mahal, Man Singh Road, New Delhi

During Prime Minister Modi's visit to the UK in April 2018, the UK and India had agreed to enhance the collaboration on financial services, in particular on insolvency, through a technical assistance programme. To deliver this, the UK government has initiated a project to support the government of India in its efforts of developing and implementing an effective cross border and personal insolvency regime in India. The UK government has appointed the Confederation of Indian Industry (CII) to facilitate this work.
