### **How Berkshire Hathaway may have been snookered in Germany**

Only a few weeks after Berkshire Hathaway bought what looked like an upstanding example of German engineering prowess, a manager in Warren Buffett's widely admired corporate empire received an unsettling email. "I have to get rid of something I witnessed in the last few months," the anonymous author wrote in slightly awkward English. "There is a falsification of data going on."

The whistle blower's tip eventually led to the exposure of an elaborate conspiracy involving fake sales invoices, phantom customers and hacked computer systems, according to testimony in a legal dispute. The case showed that even Buffett, one of the shrewdest investors in the world, can be hoodwinked.
